

Encyclopaedia of Human Ecology (5 Vols.)

By K.S. Gulia

2007. Hardcover. Book Condition: New. 1764 The humans, like all other species on Planet Earth interact with each other during their span of life. Humans constitute a part of the Earth's biomass. The bio-matter constituting the human frames has been tossing right through the history of time when the humans first evolved. During this span of millions of years of the humans have interacted within their own species, as well as with other species, down the geological history. The evolution continues, and so does the interaction. Each development caused through human interventions augurs fresh interactive cycles. Brigadier (Dr.) Kuldip Singh Gulia is a noted and active environmentalist. A Ph.D. in Human Ecology of the Himalayan Ecosystems, he has applied himself into sustained research in various facets of Human Ecology. His book Human Ecology of Sikkim and Genesis of Disasters, have been widely acclaimed in the intellectual circles for qualitative and analytical excellence. His research papers on human ecosystems of the Himalayans and of the Arid Zone of Indian Thar Desert make interesting studies. Contents : Vol. 1 Human Ecology of Spiritual Traditions Vol. 2 Human Ecology of War Vol. 3 Human Ecology of Aggression Vol. 4 Human Ecology of Tribal...

Reviews

A must buy book if you need to adding benefit. It really is witter in easy terms instead of difficult to understand. I found out this ebook from my dad and i advised this publication to find out.

-- Prof. Elton Gibson I

This kind of pdf is every little thing and made me seeking ahead of time plus more. It generally will not price excessive. You will not truly feel monotony at anytime of the time (that's what catalogues are for concerning should you request me).

-- Dr. Rosie Kuphal
