

## ASP.NET MVC Framework Unleashed (Paperback)

By Stephen Walther

Pearson Education (US), United States, 2009. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In this book, world-renowned expert and member of the Microsoft team Stephen Walther shows experienced developers how to use Microsoft's new MVC Framework to build web applications that are more powerful, flexible, testable, manageable, scalable, and extensible. Writing for professional programmers, Walther explains the crucial concepts that make the Model-View-Controller (MVC) development paradigm work so well and shows exactly how to apply them with the MVC Framework. From controllers and actions to views and models, Walther demonstrates how to apply each MVC Framework feature in real-world projects. In Part II, you'll walk step-by-step through building a full-fledged MVC blog application that implements capabilities ranging from data access to validation. Through this case study, you'll learn how to build MVC applications using test-driven development processes that enable rapid feedback, greater productivity, and better quality. Throughout, Walther presents extensive code examples, reflecting his unsurpassed experience as an instructor, a leading commercial developer, and now as a member of Microsoft's development team. Understand how to: Build enterprise-scale web applications far more rapidly and effectively Develop web applications that are...

*This is the finest publication we have read through right up until now. Better than never, though I am quite late in starting to read this one. It has been written in a remarkably easy way in fact it is only after I finished reading through this book that I basically altered me, affected the way I think.*
