THE AMERICAN ARCHAEOLOGIST, VOL. 2: COLUMBUS, OHIO, JANUARY, 1898 (CLASSIC REPRINT)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English Brand New Book ***** Print on Demand *****.Excerpt from The American Archaeologist, Vol. 2: Columbus, Ohio, January, 1898 I therefore offer to your readers simply my recollections of a visit paid to that desolate, enchanted region in February, 1894, with such observations and facts relative to the ruins and their surroundings that may not perhaps be familiar to the general public. Emerging from the narrow valley of the Rio Grande, anywhere south of Albuquerque, and proceeding eastward, we ascend to an arid plateau having an average width of twenty miles, and then hunt for a pass through the Cordillera that forms its eastern border with peaks of the Sandia, the Bosque, the Manzano, Oscura, etc., rising to an altitude of ten thousand feet. Having penetrated that rugged barrier we descend through pine-clad slopes and vales to the edge of the plains that extend, here and there wrinkled up into broken ranges of low mountains, through Texas to the Gulf of Mexico. This vast, dreary expanse for more than a hundred miles is a hemmed-in basin, producing fine grass, but is almost waterless. Its few streams that flow at the spring melting of the mountain snows have no outlet, but sink in the thirsty sands. Proceeding from the foot hills of the Cordillera, around or over cut-off and detached ridges, we come to a chain of ghastly white salines that once were fresh water lakes, but are now dry beds of dirty salt. The topography of this basin is very peculiar. Extending from the Santa Fe mountains on the north to the Pecos eastward, and down to the Galinas, Corrizo, Blanca and other mountains far south and southeast, with the general conformation of a plain, its...
