Thomas Nelson Publishers, United States, 2007. Paperback. Condition: New. Annotated edition. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. There was a time in the not-too-distant past when large companies and powerful governments reigned supreme over the little guy. But new technologies are empowering individuals like never before, and the Davids of the world-the amateur journalists, musicians, and small businessmen and women-are suddenly making a huge economic and social impact. In Army of Davids, author Glenn Reynolds, the man behind the immensely popular , provides an in-depth, big-picture point-of-view for a world where the small guys matter more and more. Reynolds explores the birth and growth of the individual s surprisingly strong influence in: arts and entertainment, anti-terrorism, nanotech and space research, and much more. The balance of power between the individual and the organization is finally evening out. And it s high time the Goliaths of the world pay attention, because, as this book proves, an army of Davids is on the rise. Endorsements: George Orwell feared that technology would enable dictators to enslave the masses. Glenn Reynolds shows that technology can empower individuals to determine their own futures and to defeat those who would enslave us. This is a book of profound importance-and also a darn good read. -MICHAEL BARONE, senior writer at U.S. News World Report and author of Hard America, Soft America Blogger extraordinaire Glenn Reynolds shows how average Americans can use new technologies to overcome the twin demons of corporate greed and incompetent government. Reynolds is a compelling evangelist for the power of the individual to change our world. -ARIANNA HUFFINGTON, author of Pigs at the Trough and Fanatics and Fools A smart, fun tour of a...
