*Definitely one of the better book We have possibly read. We have read through and i also am certain that i am going to gonna study once again yet again in the foreseeable future. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

Princeton University Press, United States, 1998. Paperback. Condition: New. Revised ed.. Language: English . Brand New Book. Neil Levine s study of the architecture of Frank Lloyd Wright, beginning with his work in Oak Park in the late 1880s and culminating in the construction of the Guggenheim museum in New York and the Marin County Civic Center in the 1950s, is the first comprehensive and in-depth analysis of the architect s entire career since the opening of the Wright Archives over a decade ago. It integrates biographical and historical material in a chronologically ordered framework that makes sense of his enormously varied career, and it provides over four hundred illustrations running parallel to the text. Levine conveys the meanings of the continuities and changes that he sees in Wright s architecture and thought by focusing successive chapters on his most significant buildings, such as the Winslow House, Taliesin, Hollyhock House, Fallingwater, Taliesin West, and the Guggenheim Museum. A new understanding of the representational imagery and narrative structure of Wright s work, along with a much-needed reconsideration of its historical and contextual underpinnings, gives this study a unique place in the writings on Wright. In contrast to the emphasis...
