Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

Avalon Publishing Group, United States, 2006. Paperback. Book Condition: New. 185 x 119 mm. Language: English . Brand New Book ***** Print on Demand *****.Everyone in the world knows what Bill Clinton did with Monica Lewinsky, or what happened to Brad and Jennifer, Katie and Tom. These factoids mysteriously capture the world s attention. But there s a flip side to this: fog facts. Fog facts are known but not known, the sort of things that journalists and political junkies know, but somehow the world does not. The Downing Street Memo is a fine example. This document revealed that the head of British intelligence had been informed by his Washington counterparts that the White House was cooking the books on the information it was using to justify a war in Iraq. Yet this was not big news in America. Why? In Fog Facts, Larry Beinhart tackles this question and shows how soft-core, public relations-style political lying has been raised to an art form.
