Not illustrated. 1909 Excerpt: . . . writing: since we have lost the Saxon characters and that distinguished Hath been enquired of in w. And this for the letters. This letter or character which our early ancestors called thorn--our ancestors and those who lived just before the printing of books have misused to express those letters which we now, through the great error of our teachers, write th; as be, bou, bat, bem, bese, bick. When the softer sound was to be expressed, they wrote it above the line; when the harder on the same line. I call that softer which the Anglo-Saxons expressed by , harder by b. For the Saxon corresponds to that sound of common speech which the common Greek tongue gives in its 8, or the Spanish d, their softer letter, as when they say verdad for veritatem. But that thorn b seems to bring down to us the 9 of the Greeks. Though th does not rightly give the sound of 6. For if 6 were not a change of sound other than the addition of an aspirate, it would have been equally easy for the Greeks to add an aspirate to the , as they did to the r. OF THE DIPHTHONGS Diphthongs are the complexions or couplings of vowels, when the two letters send forth a joint sound, so as in one syllable both sounds be heard; as in Ai, or Ay, aid, maid, said, pay, day, way. Au, or Aw, audience, author, aunt, law, saw,...
