Notting Hill Editions, United Kingdom, 2017. Hardback. Condition: New. Language: English . Brand New Book. This is a story of a scarcely credible abundance, of flocks of birds so vast they made the sky invisible. It is also a story, almost as difficult to credit, of a collapse into extinction so startling to the inhabitants of the New World as to provoke a mystery. In the fate of the North American passenger pigeon we can read much of the story of wild America - the astonishment that accompanied its discovery, the allure of its natural productions , the ruthless exploitation of its commodities and the ultimate betrayal of its peculiar genius. And in the bird s fate can be read, too, the essential vulnerability of species, the unpredictable passage of life itself.
