By Bill Nye

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Bill Nye s Cordwood No one can go through the wide territory of Montana to-day without being strongly impressed with the wonderful growth of the great cattle grow ing and grazing industry of that territory. And yet Montana is but the northern extremity of the great grazing belt Which lies at the foot of the Rocky Mountains, extending from the British possessions on the north to the Mexican border on the south, extending eastward, too, as far as the arable lands of Dakota, Nebraska and Kansas. Montana, at this season of the year, is the para dise of the sleek, high-headed, 2-year-old Texan steer, with his tail over the dashboard, as well as the stock yearling, born on the range, beneath the glorious mountain sky and under the auspices of roundup No. 21. I do not say this to advertise the stock growing business, because it is already advertised too much. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
