On mentally going through the house the ideas recall the objects and the objects the ideas. Another device has been to put things difficult to be remembered into rhymes which are words rendered easy to recall by associations of sound. The man who put in rhyme the number of days in each month deserves to have a monument erected to his memory. In spite of all the boasts of success of teachers of mnemonics, to the best of our knowledge it has been very little used. Perhaps those who have tried it have expected too much; for, like every other art, it has its limitations. Such artificial..
