MEMOIRES POUR SERVIR A LHISTOIRE DE MON TEMPS (1)

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 30 pages. Original publisher: Washington, DC: U. S. Dept. of Justice, 1999 OCLC Number: ocm42867812 Subject: Social surveys -- United States -- Handbooks, manuals, etc. Excerpt: . . . street configurations and conditions; by topography, such as canyons; by development, such as proximity to retail areas, and by many other features. Modifications to incorporate measures of planned police initiatives An important element for modifying the questionnaire is to incorporate measures of planned police initiatives. Say, for example, the police plan to mount an extensive public information effort to encourage residents to keep windows and doors shut. If this type of effort is planned, a baseline question can be included in the survey to determine what proportion of residents currently keep windows and doors shut. This baseline measure will then provide a before-and-after measure of the impact of the police public safety measure. This research design, known as a pre-test post-test, provides excellent information about the impact of prevention or intervention efforts. Crackdowns on gangs, street-level drug dealing, truancy, public drinking and a host of other community-policing initiatives can be well documented by using this design. Modifications to survey should be consistent and neutral Modifying the questionnaire requires care and attention to question construction and response options. In general, questions should be neutral and consistent with other questions in the survey questionnaire. Response options should also be consistent with the responses in the questionnaire. For example, if concern about gangs in your jurisdiction is a major issue, the survey may be modified to ask the respondent: How fearful are you about gangs in your city (and or your neighborhood) Since response options to similar questions in the survey are worded as (1) Very fearful (...)
