The goal is empowering those individuals wishing to do more practical learning experiments in Energy Medicine. In the past, only direct clairvoyant perception could reveal invisible human energy and how its flowing. This made finding and following Therapeutic Direction extremely idiosyncratic; few could do this and even fewer do it well. Meridian tracing and muscle testing are the more modern, more democratic methods of perceiving human energy and its disturbances. Working in this level, finding and following Therapeutic Direction is multiplied many times. This is not your mothers or your fathers chakra anatomy book. NOT a rehash of chakras and acupuncture meridians nor NLP Metaprograms. Not a how-book on muscle testing. Nine new views of human energy are presented. If you are already clairvoyant, NEW Energy Anatomy offers easier, more accessible language to explain your perceptions to clients. Written for teachers and students at schools of holistic, alternative, complementary healthcare methods. This is a handbook-manual-textbook. Also written for self-healers, Energy Detectives and students-practitioners of all methods of Energy Medicine. The ideal reader can already do self-muscle-testing or is willing to learn. Ideally for those working with invisible energy with God as your Partner. Ebook has all 26 diagrams from the paper edition of new views of our human energy landscapes and Unconscious Patterns. Conventional, physical human anatomy uses simple planes and quadrants to make useful distinctions. Our perceiving of acupuncture meridians...
