Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from **The Third Power Kink Book: A Collection of Short Articles From Power Describing Stunts Which Have Proven Valuable as Time Savers in Power Plant Work** Recent high material and labor costs and inability to get prompt deliveries at any price, have forced operating engineers as never before to develop short cuts and ingenious schemes for doing things in unconventional but efficient money-saving ways. Many of these kinks, adopted perhaps as eleventh-hour measures, made good so emphatically in practice that they represent definite forward steps in the handling of vital power details, and as such deserve the careful study of every engineer and executive who wishes to lop off all unnecessary cost-corners and make his plant increasingly efficient. This Book, the third of a famous and widely used series, has hundreds of just such kinks, gathered from all over the field, and contributed by ingenious men who have tried their ideas out in their own plants and found them worth passing on to others faced by similar difficulties. The Third Power Kink Book is larger than those which have preceded it and every kink is new - never before published in book form. As in the earlier books, each kink is described in the words of its inventor, and practically every one of the three hundred kinks is accompanied by a chart or diagram that makes the subject matter doubly clear. These kinks have all appeared from time to time in the weekly pages of *Power*, whose editors are in constant touch with power men the country over, and are republished in convenient book form to make them available for reference, for study, for guidance in meeting...
