Training a dog or pup should be fun for people and dogs a like; it is a way of creating a bond on understanding one another. What you should do when pup comes home and how to teach your dog as he grows. There are no can rattling, water guns, or clicking devices in this book. I help you teach your dog with a firm voice and a gentle hand. You do not want your dog to be afraid of you but to respect you as the alpha leader. You want to have guests over without the dog jumping and barking. I talk about everything you need to know from potty training, do I crate train, health care, basic commands to what kind of leash do I need. Should I get a doggie door to what should I be feeding my dog, and why I should be worming my dog and many more topics? I have also including recipes to create the prefect treats for you new member. This is just the beginning to a long and happy life with your new puppy let me help you start it off in a positive way.
