They have tried to prove that the decline of the Greek civilization could be traced to the result of malaria, which the Persians brought into the country during the Median Wars. This fever is also supposed to have been carried by the Greeks to Italy, and to have played a great part in the downfall of the Eoman empire. 132 So the experiences of the past are lessons for the future, and America, I suppose, is but struggling for her life when she tries to protect her people against the dangers of Europe or the Far East. But it all depends on the articles that fall under the prohibition laws. The suppression of wine, opium, cocaine,...
