Condition: New. Publisher/Verlag: Sams | Microsoft SharePoint 2013 Pocket Guide is your most concise, practical walkthrough of the SharePoint 2013 platform -- from installation and deployment to configuration and daily operations. An essential reference for every SharePoint administrator, regardless of skillset or experience level, this single-source handbook covers both technical subject matter and proven SharePoint 2013 business solutions. Unlike most SharePoint guides, this book focuses on the crucial step-by-step reference information working SharePoint professionals need to perform daily and weekly tasks quickly, reliably, efficiently, and well. It doesn't waste pages on arcane trivia, obscure settings you'll never use, or oversimplified material you already know. Instead, it offers reliable, proven, immediately useful answers for these and other key topics: New SharePoint 2013 installations and SharePoint Server 2010 upgrades Configuring farm operations, sites, site collections, and more Creating web applications, content databases, and service applications Scaling web and service applications Deploying business intelligence technologies Implementing enterprise content types, metadata, and document management Managing enterprise search and web content SharePoint Server 2013 branding and themes Configuring the SharePoint social experience Managing SharePoint features and solutions | Format: Paperback | Language/Sprache: english | 740 gr | 210x139x35 mm | 600 pp.
