Date :2011-4-1. Ever since humans created their own civilization. especially since the rise of industrial civilization. after four hundred of the recent rapid development of science and human use of their grasp weapon deeply in nature's own brand of laid. Accelerate the development. plundered. enjoying the fruits of civilization. looks like we better day by day. multiplied by the Spring Subway. in essence. this beautiful planet is pain and moaning. How many brilliant human civilization has bred the mother is now no longer grace; how many have such boundless expanse of blue like the rolling forest naught; how many people have been returning to the blue sky. looking at the sky. they are seen almost daily lead-gray; many species has ever been and our farewell. the extinction effect as slumped fallen dominoes. Development of anything has a critical value. the pressure on the Earth has reached a critical point of whether the Earth will always be our home it is always physical and mental sustenance how far and near three decades. there have...
