THE CAVEMANS PREGNANCY COMPANION: A SURVIVAL GUIDE FOR EXPECTANT FATHERS

Sterling Publishing (NY). Paperback. Book Condition: New. Gideon Kendall (illustrator). Paperback. 240 pages. Dimensions: 8.9in. x 7.6in. x 0.8in. A three-trimester evolutionary crash course to guide the prehistoric papa-to-be through the prenatal, preparental wilderness. Every man should read it! What's a clueless caveman about to become DAD to do? After all, it's tough carrying a child for nine months for him as well as for her. He's just not sure how to behave. But help is on hand, in the form of a reassuring (and hysterically funny) course for the totally perplexed. Along with a large dose of humor, it provides the father-to-be with all the know-how he needs to become a well-prepared, well-heeled partner who's really ready to stand upright and embrace his new responsibilities rather than cowering from them. Every cave-student will find out how to support his mate through this emotional time, cope with his own feelings, deal with baby-related projects, and perform admirably during labor and delivery. So whether it's catering to his exhausted companions' needs by preparing a nutritional and tasty meal or engaging in a snuggle session when she craves a little cuddling, with the help of this book a guy will become the proud Cro-Magnon caregiver he longs to be! This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
