Reviews

This is the very best pdf i actually have study right up until now. I could possibly comprehend almost everything using this created e book. Your daily life span will be enhance as soon as you total looking over this publication.
(Prof. Johnson Rutherford)

LANGUAGE ACQUISITION: A LINGUISTIC INTRODUCTION (PAPERBACK)

[DOWNLOAD PDF](#)

John Wiley and Sons Ltd, United Kingdom, 1991. Paperback. Condition: New. New. Language: English . Brand New Book. This text is an up-to-date introduction to language acquisition, designed to meet the needs of advanced undergraduates and beginning graduate students in linguistics and cognitive science. It is the first language acquisition text to be written from the perspective of recent theoretical linguistics, and uses Chomskyan generative grammar as a framework for description. Taking models and analyses from generative phonology, morphology, syntax and semantics, Professor Goodluck describes children's language acquisition using examples from a variety of languages. Further chapters take up central questions concerning cognitive mechanisms by which children process language and form rules, the nature of the input to the language learner, and the relation between language development and other aspects of cognitive development. The book is extensively illustrated with models and figures, and each chapter is followed by questions for discussion and suggestions for further reading. It also includes a full bibliography.
