BRILLIANCE AUDIO, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. American policing is in crisis. The last decade witnessed a vast increase in police aggression, misconduct, and militarization, along with a corresponding reduction in transparency and accountability. Nowhere is this more noticeable and painful than in African American and other ethnic minority communities. Racism--from raw, individualized versions to insidious systemic examples--appears to be on the rise in our police departments. Overall, our police officers have grown more and more alienated from the people they've been hired to serve. In *To Protect and To Serve*, Norm Stamper offers new insights into the conditions that have created this crisis, reminding us that police in a democratic society belong to the people--and not the other way around. *To Protect and To Serve* also delivers a revolutionary new model for American law enforcement: the community-based police department. It calls for citizen participation in all aspects of police operations: policymaking, program development, crime fighting and service delivery, entry-level and ongoing education and training, oversight of police conduct, and, especially relevant to today's challenges, joint community-police crisis management. Nothing will ever change until the system itself is radically restructured, and here Norm Stamper shows us how.
