Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Curve of Forgetting, Vol. 20 The problems that present themselves in connection with the topic of forgetting are (1) the rate at which forgetting progresses, (2) the form of the curve showing the relation of forgetting to the lapse of time, and (3) whether there are any constant relations between either the rate of forgetting or the shape of this curve, on the one hand, and, on the other, the kinds of subject matter or the kinds of reagents, or the amount or manner of the practice or learning. The first application of modern scientific methods in the study of memory and of forgetting was the work of Ebbinghaus, which he published in 1885. Ebbinghaus assumed that when experience has weakened in its susceptibility to recall the remaining association strength can be measured best by the number of repetitions that it saves in relearning. Another person served him as subject in preliminary experiments; but in the principal experiments Ebbinghaus acted both as experimenter and subject. As he admits, his results are, therefore, of much...
