FBC LTD, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Environmental Assessment, Development Concept Plan, Willow Beach: September 1991; Lake Mead National Recreation Area, Arizona Expansion proposals in the alternatives are the maximum levels of development that would be constructed to accommodate increasing use in the future. These levels are not goals; development within these maximum levels would occur only when demand and economic feasibility justify the expansion. A preliminary economic feasibility analysis has concluded that there is currently no demonstrated demand for any expansion of overnight facilities at Willow Beach based on current occupancy rates. The need for and feasibility of expansion would be periodically reevaluated. In the event that demand grows, overnight facilities could be expanded within or up to the maximum level.
