Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Supplementary Latin Composition As its title implies, this manual is designed, not to take the place of books based on the old methods of Latin Composition, but to supplement them. The need for such a supplement has seemed apparent to me in my visits to secondary schools. The two most common methods of study are (1) the use of sentences based on a text to which the student has access, and (2) grammatical reviews in which the work is arranged according to topics. A student put to the test, after completing one or both methods, will generally be found lacking in concrete knowledge; the first method gives too much help, and the second is so long in its completion that many points are forgotten before the end is reached.
