The sentences used are simple and easy English. The reader can just easily follow the chapter and learn Xiangqi step by step. There are more than 300 diagrams placed such that it would be easy to cross-reference the moves and the actual situation on the board. At the end of each chapter, it consists of self-test or puzzles to assess the reader's competency level. There are more than 130 puzzles and the answers are provided at the end of the book.
