Organization for Economic Co-operation and Development (OECD), France, 2010. Paperback. Book Condition: New. 266 x 188 mm. Language: English Brand New Book ***** Print on Demand *****.Welcome to the entrepreneurial economy: small firms are playing an ever-increasing role in innovation, driven by changes in technologies and markets. Whilst some spin-offs and high growth firms are having remarkable success, however, the broad bulk of small firms are not capitalising on their advantages. This book explores how government policy can boost innovation by improving the environment for entrepreneurship and small firm development and increasing the innovative capacities of enterprises. Policy findings and recommendations are presented in three key areas: embedding firms in knowledge flows; developing entrepreneurship skills; and social entrepreneurship. In addition, country notes present statistics and policy data on SMEs, entrepreneurship and innovation for 40 economies, including OECD countries, Brazil, China, Estonia, Indonesia, Israel, the Russian Federation, Slovenia and South Africa. SMEs, Entrepreneurship and Innovation is part of the OECD Innovation Strategy, a comprehensive policy strategy to harness innovation for stronger and more sustainable growth and development, and to address the key global challenges of the 21st century. For more information about the OECD Innovation Strategy, see Related reading: SMEs and Entrepreneurship in Poland (2010), Clusters Innovation and Entrepreneurship (2009), OECD Framework for the Evaluation of SME and Entrepreneurship Policies and Programmes (2007).
