## THE LANGUAGE OF COLOUR: AN INTRODUCTION (PAPERBACK)

Taylor Francis Ltd, United Kingdom, 2011. Paperback. Condition: New. Language: English . Brand New Book. The Language of Colour provides a fresh and innovative approach to the study of colour from the co-author of the best-selling textbook, Reading Images. Moving on from the meanings of single colours, Theo van Leeuwen develops the theory that many different features shape the way we attach meaning to the colours we see in front of us, and the idea that colour schemes are more...

*This is basically the greatest pdf i have got go through right up until now. It normally fails to cost excessive. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

*The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).*
