Language: English Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Revival Thermometer: Or, Gauging One s Spiritual Worth The Author of this book lays little claim to the office of an evangelist, nor has he achieved fame as a preacher. But, in the quietness of his study, and in the sacredness of his pulpit, he has felt the need of a genuine revival, until the Holy Spirit constrained him to cry, O Lord, revive Thy work. So spasmodic and vacillating are many Christians in revival work, that the author uses as an object lesson a very common instrument, which indicates temperature, to show where they are, and how much higher they may climb in grace. It is the thermometer. By the aid of mercury on a graduated scale, one is able to estimate intensity of heat. A rise of temperature is indicated by a rise of the mercury in the tube, owing to expansion; and, conversely, a fall of temperature is indicated by a fall of mercury in the tube. How many of God s people resemble the mercury? During an evangelistic effort their hearts are so warmed, that prayer and faith go up to God, and zealous efforts are put forth for man. Alas, however, with the closing of the meetings, a change frequently occurs, indicated by a coldness and indifferentism.
