Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Let's face it. Most kids don't want to practice the piano. And if they do find the time to practice, it's usually because their parent kept nagging them. How frustrating! Piano teachers are frustrated too. It's nearly impossible to teach students new concepts when they don't understand the old ones--all because of a lack of practice. If you're a parent in this situation, I have just the solution you're looking for. In this upbeat book, I share all the tips I've discovered in my 14 years of teaching piano. You'll learn fun, practical ways to get your kids to the keyboard. But this book goes one step further. I'll show you easy ways to encourage better quality practice. Even if you've never had a music lesson in your life! I wrote this book for kids of all ages. There are creative ideas for elementary students and also a section for teens. There's even a section for what to do if your child wants to stop taking piano lessons. That's right, there is hope and my book will show you exactly how to get your child interested in piano again. Don't be the kind of parent who sits on the sidelines waiting until their child wants to practice. Piano lessons are too expensive for you to let another no-practice day go by. This book is your answer to get your child to the keyboard, have good quality practice and develop a life-long love of music.
