Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from The Religious Thought, of the Greeks, From Homer to the Triumph of Christianity Such a book as this can be nothing more than a sketch; in it the scholar will miss many topics which might well have been included. Of such omissions I am fully conscious; but limitations of subject and of space forced me to select those themes which seemed most significant in the development of the religious ideas of the ancient world. It is not possible for me to acknowledge all my obligations to others. I wish, however, to express here my gratitude to Professor C. P. Parker, who has shared his knowledge of Plato with me; to Professor J. H. Ropes, who has helped me on many points in my last two lectures, where I especially needed an expert's aid; and to Professor C. N. Jackson, who has read the entire book in manuscript and by his learning and judgment has made me his constant debtor. The criticism which these friends have given me has been of the greatest assistance even when I could not accept their views; and none of them is responsible for my statements.
