Eraserhead Press, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.From the godfather of bizarro fiction, Carlton Mellick III, award-winning author of Quicksand House and Cuddly Holocaust, comes a kaiju tribute novel that explores the surreal aftermath of a giant monster attack. The creature was finally dead. After months of fighting it, trying desperately to stop it as it rampaged across the American countryside, turning city after city into a landscape of rubble, we finally managed to beat the damned thing. We actually saved the human species. We survived. But the corpse still lingers. In the center of the city once known as Portland, Oregon, there lies a mountain of flesh. Hundreds of thousands of tons of rotting flesh. It has filled the city with disease and dead-lizard stench, contaminated the water supply with its greasy putrid fluids, clogged the air with toxic gasses so thick that you can't leave your house without the aid of a gas mask. And no one really knows quite what to do about it. A thousand-man demolition crew has been trying to clear it out one piece at a time, but after three months of work they've barely made a dent. And then there's the junkies who have started burrowing into the monster's guts, searching for a drug produced by its fire glands, setting back the excavation even longer. It seems like the corpse will never go away. And with the quarantine still in place, we're not even allowed to leave. We're stuck in this disgusting rotten hell forever. The Big Meat is a gut-wrenching, nerve-squirming survival story of loss, addiction, and claustrophobia.
