

Brain Bugs: How the Brain's Flaws Shape Our Lives

Filesize: 5.59 MB

Reviews

I just started out reading this ebook. I could comprehend every little thing out of this written e book. I am pleased to inform you that this is actually the very best publication i have read through inside my personal life and could be he best ebook for ever.

(Antonia Orn IV)

BRAIN BUGS: HOW THE BRAIN S FLAWS SHAPE OUR LIVES

[DOWNLOAD](#)

Blackstone Audiobooks, 2011. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. A lively, surprising tour of our mental glitches and how they arise With its trillions of connections, the human brain is more beautiful and complex than anything we could ever build, but it s far from perfect: our memory is unreliable; we can t multiply large sums in our heads; advertising manipulates our judgment; we tend to distrust people who are different from us; supernatural beliefs and superstitions are hard to shake; we prefer instant gratification to long-term gain; and what we presume to be rational decisions are often anything but. Drawing on striking examples and fascinating studies, neuroscientist Dean Buonomano illuminates the causes and consequences of these bugs in terms of the brain s innermost workings and their evolutionary purposes. He then goes one step further, examining how our brains function--and malfunction--in the digital, predator-free, information-saturated, special-effects-added world that we have built for ourselves. Along the way, Brain Bugs gives us the tools to hone our cognitive strengths while recognizing our inherent weaknesses.
