Brand New Book ***** Print on Demand *****.Excerpt from On the Relation of Corn and Currency Observing many erroneous or very questionable notions to be prevalent in respect of the important topic of a paper-currency; or for my own part entertaining opinions which are not precisely conformable to predominant ideas on that subject; I purpose to submit my sentiments to the public as briefly and clearly as I am able to express them. I shall offer no further preface nor apology: premising only that I am no inexperienced theorist; nor yet an interested practical man; though not altogether unused to the study and application of political economy.
