Turning them down means death. The last thing Joshua Rook expected after the car crash was a second chance at life. An elite underground society of vampire coordinators, known only as Keepers, wants him. Accepting means he gets to keep living, but refusal means certain death. If not for his girlfriend, Charlotte, the choice would be easy. Charlotte Wright barely had a chance to grieve her boyfriend before he reached her from beyond the grave. Robbed of an opportunity to prepare for death, the grace period he s given offers them one last chance to be together before his decision must be made. But if Josh swears the Keeper s Oath, he ll be cut off from interaction with the mortal world and left alone-forever. Three days for them to come to terms with his death and resurrection. Three days for Charlotte to decide if she can live without him. Three days for Josh to make his choice: live eternity alone, or die with her by his side? If you love the dark romance...
