Brand New Book ***** Print on Demand *****.Despite the realities of todays college landscape, individuals around the globe remain disillusioned that attending college guarantees a good job, a stable lifestyle, and self-fulfillment. It does not. Without understanding how to properly navigate the college maze, incoming college students will share the same somber fate that awaited me and many of my friends, family, colleagues: (i) a crushing mortgaged-sized student loan debt, (ii) an educated but underemployed life, and (iii) an unenjoyable, disengaging job. To help students avoid the inevitable fallout of a poor college approach, or no college approach at all, this book rejects conventional wisdom and equips students with a devastatingly effective college toolkit designed for optimal efficiency. According to Sir Ken Robinson in his 2013 TED Talk, "The dominant culture of education has come to focus on not teaching and learning but testing." Yes, college is one big test. But because the college process is highly regimented and highly predictable, that means the college process can be learned, which means it can be taught, which means it can be mastered. This book will show students how to study 80 less and get better grades, save $1,000s in student loans, and earn $1,000,000+ more over a lifetime all without working any harder. It is possible to work less and achieve more, even in college. In providing these insights, Ive collected dozens of real-world testimonies from graduates who have previously (and recently) walked the college path, representing literally tens of millions of dollars in tuition and centuries worth of time. Ultimately, this book represents an account of every practical lesson I wish I had known on Day 1 of freshman year. Im hopeful...
