

Critical Masses: Exposes of a Catholic Nuclear Physicist (Paperback)

By Thomas A Cahill

Editpros LLC, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.During his 50-year career, nuclear and atomic physicist Thomas A. Cahill left his imprint on an astonishingly broad array of projects, including components of the Pioneer 10 and Voyager spacecraft, the battle for the catalytic converter, protecting the Dead Sea Scrolls, and saving Mono Lake and visibility in national parks. In this autobiography, Cahill reveals the previously undisclosed truth about what happened - and didn't happen - at the World Trade Center disaster. He was pivotal in numerous environmental victories, capped by his work to secure \$750 million in health care funding for first responders at the collapsed World Trade Center. Two American presidents (and others) tried to shut down Cahill, who took pride in challenging bias and ignorance. Written with humor and spiced with previously untold stories, Critical Masses documents how he managed to simultaneously hold a Q Clearance at Los Alamos for special nuclear materials (the stuff that goes bang in a critical mass) while erroneously listed as an Arab nuclear physicist in a Middle Eastern inventory. Government officials in India mistook him for a CIA operative, while back at his...
