Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.At one time, dating for seniors was essentially unthought-of. The general consensus back in the day was that you found someone to marry and stayed married to them forever. Once they passed away, you were expected to simply live out the rest of your days as a widow or widower. Well, the times have changed. Divorce can also bring you to a newly single status. If you're over 50 and you'd like to date, put your fears aside. There are so many safe ways to meet others who are in a similar situation. No longer do those over 50 have to rely on friends or family or neighbours to provide you with dating opportunities. Why should you be expected to be alone when you still have so much life to live? You shouldn't! So you need to get out there and meet people, date, have fun, make new memories, have new experiences! What's the best way to do that? We can't teach you the ins and outs of the Internet, but we're betting since you've bought this ebook, you already are somewhat computer literate. You don't have to know everything about the Internet to start dating online. You just need to know how to log on. Inside this book, you'll find everything you need to know to get started in the online dating scene. We'll give you all kinds of tips and tricks on how to create your online profile, what to look for in a potential date, and ways to keep yourself safe. So enjoy your e-book and learn all about Online Dating for Seniors !.
