Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Chemical News and Journal of Physical Science, Vol. 4: A Journal of Practical Chemistry in All Its Applications to Pharmacy, Arts, and Manufactures; January to July, 1859 Certain features recently added by its English Editor and proprietor to the London Chemical News, which will doubtless be continued and improved, give assurance that it will henceforth have place, as in the past, in the very front rank of the scientific journals of the world. These appear to a certain extent in the present volume. Particular attention is directed to the largely increased attention lately given to chemical notices from foreign sources, and to a new department - notes ON lecture experiments - which will hereafter be found by itself, in the Reprint. On their part, the American publishers herewith submit their fourth semi-annual volume to all interested in science, with the confident guaranty that the reprint of the English Edition, and the American supplement, with its original notices of current scientific progress in this country, and the American druggists price current, will continue to fill the high places heretofore occupied by each of them, in the esteem of all who consult their pages.
