

## The Science of Success: What Researchers Know That You Should Know (Paperback)

Filesize: 7.56 MB

### **Reviews**

*Thorough guideline! Its this kind of excellent read. This is certainly for all those who statte there was not a well worth reading. Your way of life period will probably be transform once you complete reading this book.*  
*(Mrs. Alia Borer)*

## THE SCIENCE OF SUCCESS: WHAT RESEARCHERS KNOW THAT YOU SHOULD KNOW (PAPERBACK)

Van Rye Publishing, LLC, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. In this book you will learn what you need to do to achieve the success in life that you desire and deserve. The author, University of Michigan Business School professor Paula J. Caproni, Ph.D., provides you with a practical framework that will help you get better results at work, be successful in your career, and enjoy a fulfilling life outside of work. This may seem like a tall order for one book, but it isn't. Hundreds of researchers have spent more than three decades studying what the most successful and happiest people do differently than others. Based on this research, this book will help you find answers to the following questions: (1) Why do some people achieve their life goals while others muddle through and never reach the success they hope for? (2) Why do some people who excel in school (and seem destined for success) stall early in their careers, while some who don't perform as well in school end up enjoying meaningful and productive careers, often exceeding the expectations of others? (3) Why do some people thrive in their jobs while others simply go through the motions? (4) Why do some people bounce back from failure while others become immobilized? (5) Why are some people able to have successful careers as well as a fulfilling life outside of work, while others get consumed by their work? (6) What are the most important lessons that children should learn early in life to help them lead happy, fulfilling, and productive lives? In short, this book answers these three main questions: (1) What do the most successful people do differently than other people? (2) How can those characteristics and behaviors...
