REACT NATIVE COOKBOOK (PAPERBACK)

Packt Publishing Limited, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Take your React Native application development to the next level with this large collection of recipes About This Book * Build rich and engaging user experiences in React Native while maintaining peak application performance * Leverage the best of iOS and Android for React Native development while maximizing code reuse and cohesion * Implement architecture patterns in your React Native application that support efficient data access, routing, and testing Who This Book Is For This book is for web developers who are familiar with React.js and know the basics of UI development. You may or may not have used React Native before, but it s ideal for you if you want to develop native applications for iOS and Android using React Native. Existing knowledge of JavaScript ES2015 is highly recommended. What You Will Learn * Build simple and complex UIs using React Native * Create advanced animations for UI components * Build universal apps that run on phones and tablets * Leverage Redux to manage application flow and data * Expose both custom native UI components and application logic to React Native * Integrate with existing native applications on iOS and Android * Deploy your React Native application to the Google Play and Apple App Store * Add automated testing to your React Native application In Detail React has taken the web development world by storm, and it is only natural that the unique architecture and its ecosystem of third-party support be applied to native application development. This book will take you through the basics of React Native development all the way through to some more advanced components. This book covers topics in React Native ranging from adding basic UI components...
