Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Comments on the DMT Diaries is a continued exploration into the themes and the subjects raised by the original book. It further investigates the huge significance of the two most powerful psychedelics known to man - N, N-DMT and 5 MeO DMT, and their profound relationship with consciousness. The book also reviews some of the cutting edge theories of modern cosmology, and surveys case-histories and scientific speculation concerning the expanding field of near-death studies. Finally the work attempts to integrate many of these diverse subjects to present a new theoretical model of our evolving universe.
