The Pediatric Cardiac Anesthesia Handbook (Paperback)

By James A. DiNardo, Viviane G. Nasr

John Wiley and Sons Ltd, United States, 2017. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book. Written by an expert author team at the renowned Boston Children s Hospital, USA, The Pediatric Cardiac Anesthesia Handbook provides a comprehensive yet concise overview of the anesthetic management of pediatric patients with congenital heart disease. This book is divided into two parts. The first part provides an introduction to the basic assessment of patients, including cardiovascular physiology, pathophysiology and the underlying concepts in coronary heart disease, preoperative evaluation, intraoperative management, and interpretation of cardiac catheterization data. The second part of the book addresses disorders and diseases in a templated manner covering the anatomical and physiological features, surgical therapies, anesthetic approach and postoperative management. Chapters on the heart and heart and lung transplantation consider the additional complexities of those patients and anesthetic considerations for non-cardiac surgery after heart transplantation. The anesthesiologist caring for patients with congenital heart disease faces a myriad of challenges in the perioperative management of these complex individuals. This book provides: * A concise and easily referable guide ideal for use during anesthesiology residency training and fellowships. * A templated chapter layout ideal for easy referral by wider...
