Dover Publications Inc., United States, 2003. Paperback. Condition: New. Language: English . Brand New Book. Raised among the Sioux until the age of 15, Charles Alexander Eastman (1858-1939) resolved to become a physician in order to be of the greatest service to his people. Upon completing his education at Boston University School of Medicine, he accepted an appointment to a South Dakota Indian reservation, where he was the only doctor available to the victims of the 1890 massacre at Wounded Knee. With the encouragement of his wife, he further distinguished himself both as a writer and as a uniquely qualified interpreter of Native American ways. His writings offer authentic, sometimes stirring views of a world that has forever changed. In *The Soul of the Indian*, Eastman brings to life the rich spirituality and morality of the Native Americans as they existed before contact with missionaries and other whites. This is a rare firsthand expression of native religion, without the filters imposed by translators or anthropologists. Rather than a scientific treatise, Eastman has written a book, as true as I can make it to my childhood teaching and ancestral ideals, but from the human, not the ethnological standpoint. His discussions of the forms of ceremonial and symbolic worship, the unwritten scriptures, and the spirit world emphasize the universal quality and personal appeal of Native American religion.
