This year already, 15 teenagers have been stabbed to death in London alone. Does Catherine try to game the system, like some of her middle-class friends, or does she plot an escape? The knotty moral and emotional themes of Shepherds In The Fields will resonate with all parents struggling with teenagers at home, at times like these, in cities like ours. Chris Moore started his writing career on Cosmopolitan magazine. His previous books have been described as wonderful - Daily Mail; funny and scabrous - The Daily Telegraph; Pick of the Year, 2016 - British Historical Writers Association; unforgettable - The Journalist Buy Shepherds in the Fields today for a sharp but necessary lesson for anyone coping with skool as austerity bites and inequalities widen.
