

## The Blood Bucket Journal (Paperback)

By Paul Lister

Lulu Press Inc, United Kingdom, 2014. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Northern England in the 1980 s is a harsh place for research scientist Fabio De Sousa. He receives an unsolicited message on CSNet, an early email predecessor for academics. Intrigued and flattered, De Sousa begins a flirtatious online relationship. De Sousa and fellow researcher Miguel Gouveia supplement their meagre grants by toiling in the precarious pre-dawn world of the meat industry. De Sousa s online relationship develops, but his friendship with Gouveia becomes threatened by the involvement of Sigma Tau. This clandestine research organisation is hell-bent on obtaining De Sousa s prized research journal. De Sousa is stunned. Not only by the revelations made by his CSNet admirer, but by their true identity. He uses a labyrinthine cipher to preserve the integrity of the research; hoping mentor Dr Eric Geller alone will crack his code. De Sousa and Geller must keep the research details from Sigma-Tau. If they re successful, they guarantee the future of human society. Failure is inconceivable.
