Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from The Dominion Astrophysical Observatory, Victoria, B. C.: A Sketch of the Development of Astronomy in Canada and of the Founding of This Observatory; A Description of the Building and of the Mechanical and Optical Details of the Telescope; An Account of the Principal Work of the Institution This description of the observatory, its equipment and work has been written by the director in response to a need. frequently expressed by the numerous visitors to the institution, of a non-technical account of the principles of the telescope and of the work of the institution. This account will commence by a short historical sketch of the beginnings of the undertaking followed by a description of the observatory and telescope and concluded by a resume of its work. Historical Sketch This observatory is a branch of the Department of the Interior of the Federal Government, the department which has charge of the administration of the western lands of the Dominion. In the colonization of these lands, one of the obvious first needs was a survey of the boundaries...

### Reviews

*The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotomy at anytime of your respective time (that's what catalogues are for about if you question me).*
