This publication will never be straightforward to get going on looking at but really fun to see. This can be for all those who stutte that there had not been a worth looking at. You wont really feel monotony at at any moment of your own time (that's what catalogs are for about should you request me).

Apress. Paperback. Condition: New. 392 pages. Dimensions: 9.2in. x 7.6in. x 0.9in. Are you an IT professional involved in deploying the iPhone and or iPad in your company or organization Do you have fellow employees who are eager to use their iPhones and iPads for work Then this is the book for you. Enterprise iPhone and iPad Administrators Guide provides step-by-step instructions on how to deploy and integrate the iPhone within a range of professional environments from large businesses and educational institutions to medium-sized offices. This book ensures that the process is achieved in a streamlined, efficient, and cost-effective manner. The guide begins with an introduction to basic deployment concerns, then moves into actual methods and tools that you can use to streamline the deployment process. Next, an in-depth discussion of configuration and provisional profiles helps you deliver solid device setup, security, and adherence to organization policies. Finally, you'll learn how to use existing help desk teams to provide effective user support. Also included is coverage of the latest iPhone- and iPad-specific enterprise technologies (such as push notification and calendaring tools) as well as internal iPhone and iPad applications and web-based solutions for businesses. What you'll learn Activate and deploy the iPhone and iPad (and iTunes if it will serve as a sync conduit for users). Use the iPhone and iPad built-in client management capabilities. Support iPhone- and iPad-specific services both inside and outside of a private network, provisioning security profiles and applications to users. Provide effective user support, both in the office and in the field. Who this book is for This book is intended for IT staff members that will be charged with planning an iPhone and iPad implementation or pilot program, as well as those that will be charged with ultimately deploying and provisioning the devices and delivering support...
