High Performance Paper Airplanes: 10 Pre-Cut, Easy-To-Assemble Models (Mixed media product)

By Andrew Dewar

Tuttle Publishing, United States, 2013. Mixed media product. Condition: New. Book and Kit ed.. Language: English . Brand New Book. Fold and fire aerodynamic paper airplanes dozens of feet into the air with this easy origami kit. High-Performance Paper Airplanes presents a collection of realistic origami paper airplanes from well-known author and paper aviation expert Andrew Dewar. Dewar has spent decades perfecting the art of folding easy paper airplanes that both look great and fly well. This new series takes paper airplanes to new heights--literally! The planes can be fired high into the air with a rubber band launcher and are designed to circle down for a long time. The airplane designs are also printed in full-color on both sides and precut, so you just need to push them out and assemble them using a bit of glue. Although fun for folders of any age, these paper plane designs are so uncomplicated that they can be considered origami-for-kids projects and are a great way to learn origami. The origami airplanes range from simple designs that can be construct in under a minute to detailed scale replicas that look and fly like the real thing. The included instructional origami book not...
