

## Learning About Monkeys and Apes

By Sy Barlowe

Dover Publications Inc., United States, 1998. Paperback. Book Condition: New. 148 x 105 mm. Language: English . Brand New Book. This entertaining word-and-picture book introduces you to the family of animals closest to human beings on the tree of evolution. In it, you'll meet a gorilla, ring-tailed lemur, gibbon, chimpanzee, orangutan, and seven other fascinating creatures. Each page tells you about the physical characteristics, habits, and other facts about one of the animals. There's also space for a sticker illustration. As you read, place the sticker illustration of each animal in all on the proper page. Learning About Monkeys and Apes is perfect for use at home or in school, because it makes learning fun.

### Reviews

*The very best pdf i possibly study. It generally will not expense excessive. You wont really feel monotony at anytime of the time (that's what catalogs are for concerning should you ask me).*

-- Prof. Owen Sporer

*This pdf may be worth acquiring. It can be written in easy words and phrases and not hard to understand. I am pleased to tell you that this is basically the finest book i have read through during my personal existence and might be the greatest pdf for at any time.*

-- Jeffry Tromp
