Imaginative Minds. Spiral bound. Book Condition: new. BRAND NEW, The House on the Hill: A Numeracy Adventure for Upper KS2 Children (1), Alan Parr, Pupils explore a haunted house encountering a series of eight problems on the way. They will have to be resourceful and clever, but every time they solve a problem they will be able to find the true name of one of the eight children who used to live in the House on the Hill. The problem-solving theme is highly motivating, and typically children will be genuinely excited as they progress through the adventure and eventually complete the final problem. Completing the adventure itself takes a total of perhaps three hours, but many additional ideas are included for follow-up work. Suggestions are included for using the adventure as a staff development exercise for teachers and assistants.
