CAMBRIDGE UNIVERSITY PRESS, United States, 2006. Hardback. Book Condition: New. 2nd. 272 x 211 mm. Language: English . Brand New Book. Active Listening with Speaking, Second Edition, is grounded in the theory that learners are more successful listeners when they activate their prior knowledge of a topic. Student s Book 1 is intended for beginning-level students. The Student s Book offers 16 task-based units, each built around an engaging topic. Through a careful balance of activities, students learn to listen for main ideas, to listen for details, and to listen and make inferences. Prelistening schema-building activities help students build vocabulary, and listen-again activities provide additional skills practice. A full page of optional speaking activities with pronunciation practice is provided in each unit. Expansion units, with authentic student interviews, offer rich cultural material and provide review. A free Self-Study Audio CD is also included in every Student s Book.
